## **PROGRAM INTRODUCTION:**

Plants are the critical to human health. They are the sole source of some of the essential amino acids, vitamins, and other nutrients in our diet. Research with plants was central to elucidating the role of vitamins in human health and disease: Plants high in ascorbic acid, such as peppers and citrus, prevent scurvy. To know the importance of research on natural products and its resources, Savant Club and IQAC of Yashwantrao Bhonsale College of Pharmacy, Sawantwadi has organized an expert talked “**Importance of Natural Resources in Drug Research**” by expert **Mr. Vishal Beldar, Research Associate at Institute of Chemical Technology (ICT), Jalna on 25<sup>th</sup> August 2022** to the students of Final Year B.Pharm and M.Pharm of our college.

## **PROGRAM OBJECTIVES:**

1. To generate research capabilities in the students.
2. To encourage students for thinking about commercialization of natural products.

## **ABOUT THE PROGRAM:**

Like all other events, to make this event even a blessed one, lamp lightning ceremony was conducted. The floral welcome of expert Mr. Beldar was done by respected principal Dr. Vijay Jagtap. Firstly Principal Dr. Vijay Jagtap addressed the program and gave brief introduction about drug research and natural resources. Later the program was put forward by Dr. Rohan Barse who gave brief introduction of Mr. Beldar and requested him to conduct the informative program about Importance of Natural Resources in Drug Research. He provided details knowledge about different aspects of extraction process, different sources of natural materials to use for medicine developments. The event was concluded by giving Vote of Thanks by Dr. Prashant Mali.
