Coordinator: Mr. Sanket M. Gandhi

Accompanying Faculty Members: Ms. Gayatri Shetgaonkar

Participating student: Third Year B.Pharm. (59 students)

Training and Placement Cell of YBCOP, Sawantwadi had arranged Industrial study visit at Unichem Laboratories Ltd., Pilerne Bardez, Goa on 23rd February, 2019. During the visit, the day started with the presentation of HR Department (Human Resource Department) of Unichem Laboratories Ltd. Mr. Rama Malvankar, HR Manager interacted with our students & highlighted mainly the growth, status, accomplishments, future projects, achievements and key milestones of the company. Unichem Laboratories was founded by Late Mr. Amrut Mody, and it is one of India's most respected pharmaceutical companies committed to deliver better health through superior products. Unichem has several pharma products that address the needs of relevant and growing therapeutic areas like gastroenterology, cardiology, diabetology, psychiatry, neurology, anti-bacterials, anti-infectives and pain management.

During this session, students learned about procedures for inventory management, sampling, quality checks, processing, operations, packing and quality assurance relevant to product uniformity. Students also visited the service floor and learned about HEPA filters, purified air systems, etc.

The various large-scale pharma manufacturing equipment and its applications were also keenly observed by our students. This made our students to correlate their theory with practical application in pharma manufacturing field.

The students were escorted by faculty Mr. Sanket Gandhi and Ms. Gayatri Shetgaonkar who guided and explained them about processing of pharmaceutical products at various stages of visit to pharma plant. The students were very happy and felt enriched after visiting a pharma manufacturing plant. We along with student would like to extend our gratitude to company management and Mr. Rama Malvankar (HR Dept.) for permission and support they gave to make our visit a success with accomplishment of objective.
