Introduction:

World Suicide Prevention Day is observed on September 10 to bring awareness regarding suicide and how to prevent suicide on a global scale. This came into existence in the year 2003, when the International Association for Suicide Prevention (IASP) in the year 2003 collaborated with the World Health Organization (WHO) and the World Federation for Mental Health (WFMH).

WHO’s suicide data collection says that close to 800,000 people die each year, due to suicide. The statistics by WHO in 2019 says that one person takes their life every 40 seconds.

Objectives:

1. To understand the reasons for suicide in our country.
2. To introduce the skills to successfully prevent the suicides caused due to addiction.
3. To develop capacity to respond the rapid changes in genetic, psychological, social & cultural to prevent the suicidal tendency.

About the program:

Virtual live webinar has been organised by Yashwantrao Bhonsale College of pharmacy, Sawantwadi, in collaboration with Rotary club, Sawantwadi for the students of Yashwantrao Bhonsale College of pharmacy (B. Pharmacy and Diploma Pharmacy) in the presence of Hon. Dr. Vijay A. Jagtap sir, Principal of Yashwantrao Bhonsale College of pharmacy on the occasion of

‘World Suicide Prevention Day’(10th September) dated 15th September 2020 at 4.30pm – 5.30pm. The speaker for the webinar was Dr. Rajesh Navangul , Gynecologist & Obstetrician at Yashraj Hospital, Sawantwadi. Dr. Navangul covered the all aspects that are related to the suicidal tendency. He also guided the students regarding the substance abuse, addiction & its effects on the health and brain of an individual. Students also asked the queries regarding the seminar’s topic and got satisfactory solution by Dr. Navangul. At the end Dr. Vijay Jagtap, Principal, YBCP had conclude the session and Ms. Ovi Paradkar gave the vote of thanks to the speaker. The webinar was organized on the occasion of “World Suicide Prevention Day” held on 10th September, 2020. The webinar was conducted by online mode through Zoom application. E-certificates had been issued to the participants through NSS cell of Yashwantrao Bhonsale College of Pharmacy.

Suicide is the result of a convergence of genetic, psychological, social and cultural and other risk factors, sometimes combined with experiences of trauma and loss. According to IASP, people who take their own lives represent a heterogeneous group, with unique, complex and multifaceted causal influences preceding their final act. Such heterogeneity presents challenges for suicide prevention experts. These challenges can be overcome by adopting a multilevel and cohesive approach to suicide prevention.

The event was coordinated By Ms. Ovi Paradkar (NSS Program Officer YBCP, Sawantwadi), Ms. Supriya Rawool (NSS Coordinator-Integrated D. Pharmacy, YBCP, Sawantwadi) and Mr. Mahadev H. Parab (NSS Coordinator-Integrated D. Pharmacy, YBCP, Sawantwadi).
