Introduction:

The National Voters' Day is celebrated in India on January 25. It was celebrated the first time in 2011, across the country, to mark the foundation day of the Election Commission of India in 1950. The main purpose of the day is to encourage, facilitate and make sure all Indians eligible for voting are enrolled. Special attention is given to the new voters.

This year marks the 11th National Voters Day centered on the theme of **‘Making Our Voters Empowered, Vigilant, Safe and Informed.’**

25th January is the foundation day of the **Election Commission of India** (ECI) which came into existence in **1950**. This day was first celebrated in **2011** to encourage young voters to take part in the electoral process. No doubt it is the day to celebrate the right to vote and also the democracy of India. Election Commission's main objective is to increase the enrolment of voters, especially the eligible ones.

Objectives :

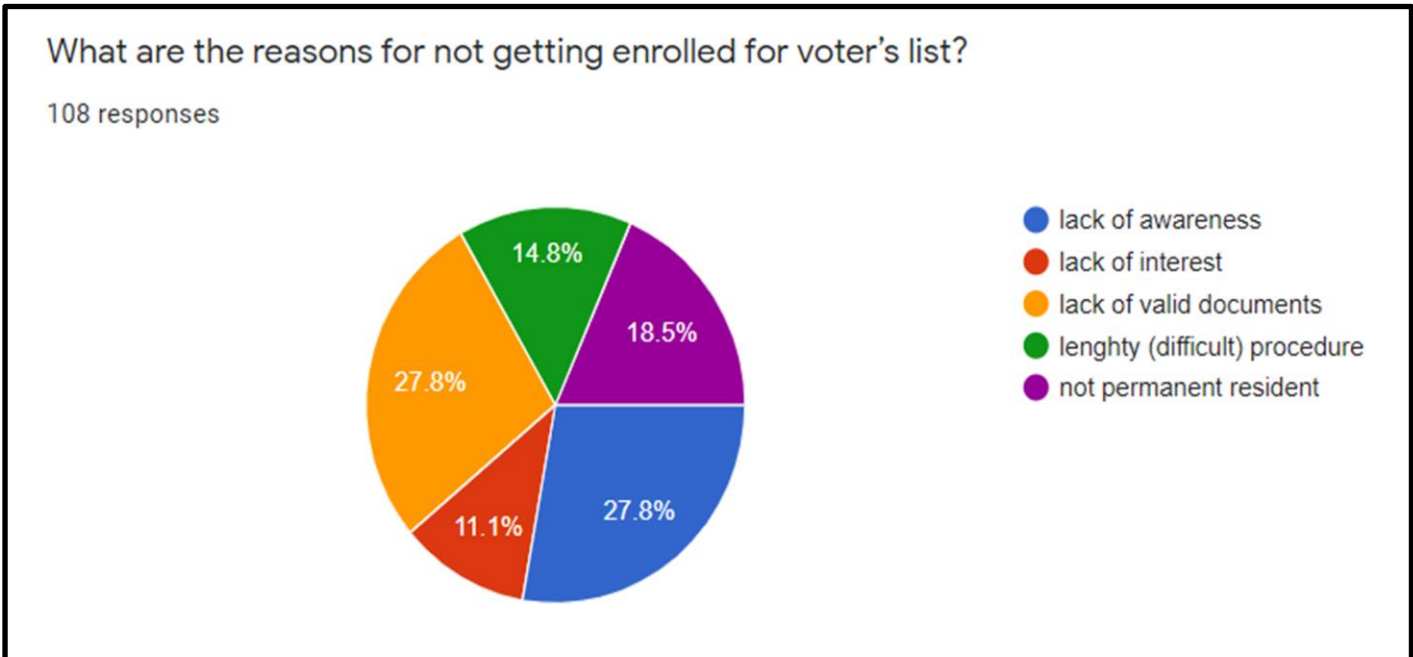

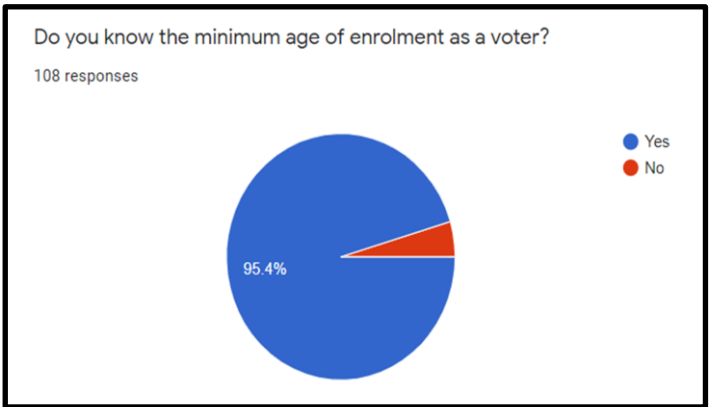

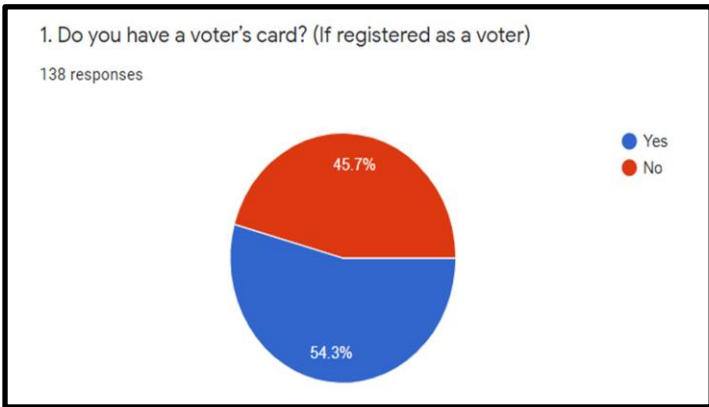

1. Making Our Voters Empowered, Vigilant, Safe and Informed.
2. Helping the youth voters to be responsible citizens .
3. To encourage, facilitate and maximise enrolment, especially for the new or first-time voters.
4. To analyse the mentality of urban and rural peoples about democracy and their approach towards election.
