Objectives:

1. To convey the rules and protection from Cyber security to the students.
2. To provide information about handling any situation by taking a stand.
3. To educate girl students to fight the problems to reduce the crime.

Introduction:

An unfortunate number of women are becoming victims of cyber-crimes. According to a recent study more women are known to use the Internet to enrich their relationships compared to men. Young women, those 18-24, experience certain severe types of harassment at disproportionately high levels: 26% of these young women have been stalked online, and 25% were the target of online sexual harassment. The growing reach of the Internet and the rapid spread of information through mobile devices has presented new opportunities that could put some women at risk, so it's important to be mindful of the dangers. So, to introduce the girl students in YBCP, a guest lecture on “**Cyber Security and Nirbhaya**” by **Hon. Swati Yadav madam** was arranged by **TPO (All Round Development Cell) on 4th Oct. 2022.**
