## **Objectives:**

1. Gender sensitization the teaching of gender and encouragement of behavior through raising of gender concern.
2. The goal of gender sensitization is to address issues in gender equality and encourage participants to pursue solutions.
3. Gender Sensitization is one basic requirement for the normal development of any individual. Without being sensitive to the particular gender, an individual may refrain from understanding the opposite gender and in some acute cases even him or herself.
4. To enable people to use and extend their capabilities, develop skills, improve their livelihoods and increase their earning potential.
5. To empowers them to participate in decision-making and in the transformation of their lives and societies.
6. Informing and guiding employees on appropriate ways of addressing and interacting with female colleagues, clients and partners.
7. Facilitating discussions between male and female employees, with the goal of highlighting positive as well as discriminatory workplace practices and policies that need attention.

## **About the activity:**

We the students of Yashwantrao Bhonsale College of Pharmacy, Sawantwadi have carried out the activity of the Department of Life Long Learning and Extension (DLLE) under the guidance of Ms. Rashmi Mahabal and Ms. Sheetal Samant.

We have arranged the seminar on the topic viz. **“GENDER SENSITIZATION”** at Yashwantrao Bhonsale College of Pharmacy, Sawantwadi. The seminar was given by **Hon. Dr. Rophan Patkar (Psychiatrist)**.

The main objective of this seminar is to aware about gender equality. Dr. Patkar has given very nice information about gender equality. They have shared their experiences and memories which were really interesting to listen for all of us.

They said, “Gender sensitizing is about changing behaviour and instilling empathy into the views that we hold about our own and the othergender. It helps people in examining their personal attitudes and beliefs and questioning the 'realities' they thought they know.” Gender sensitisation is a weapon towards Gender Equity, Equal Opportunity and Women Empowerment which is essential for creating sustainable development as enshrined in our Constitution.”

On this day, the principal of Yashwantrao Bhonsale College of Pharmacy, Sawantwadi Hon. Dr. Vijay Jagtap sir were present who always support us for such events. They also shared their thoughts about gender equality. Throughout the session, 200 to 220 students had attended this session.
