principle of  
Yahswantrao bhonsale  
college of pharmacy

**Ms. Sheetal Samant**  
Extention Teacher

**Objectives:**

1. To guide the students on primary care and first aid to prevent or minimize the infections.
2. To enhance knowledge of students on first aid treatment and its importance.
3. To give knowledge on aims of first aid i.e.
  - To give immediate care.
  - To protect the casualty from further harm.
  - To relieve pain.
  - To promote recovery.

**About the program:**

First aid is the first and immediate assistance given to any person with either a minor or serious illness or injury, with care provided to preserve life, prevent the condition from worsening, or to promote recovery.

It is best to have good training to give first aid. In addition to books and videos, good training includes a good teacher and the chance to practice. The teacher makes sure the first aid student is doing the skill correctly.

On this accounts, the students of Yashwanatrao Bhonsle College of Pharmacy decided to impart the knowledge to the students about first aid.

On 29<sup>th</sup> September 2022, group of 9 were present at the z. p. school Vazarwadi, Charathe. The principle granted the permission and introduced the students to the audience.

The students had arranged the sample first aid kit and some posters to show the students and enhance the knowledge with pictorial information. The awareness program begun with students giving them brief knowledge of first aid kits and their types, their rules objectives, steps to be taken during it.

The event was successfully and satisfactory accomplished.
