Yashwantrao Bhonsale College of Pharmacy in Sawantwadi, under the heading of NSS (National Service Scheme) and SENSE Club organizes various social activities to develop the ability to contribute to society among the students. The NSS Cell and SENSE Club of Yashwantrao Bhonsale College of Pharmacy Sawantwadi, in collaboration with Rotary Club Sawantwadi and Gram Panchayat Sawantwadi, conducted a tree plantation and distribution drive.

Objectives of the program:

- ✓ To reduce surface runoff discharge.
- ✓ To reduce soil erosion.
- ✓ To encourage youth to participate in tree plantation.
- ✓ To contribute to the reduction of global warming.

About the Program:

On 9th August 2023, Yashwantrao Bhonsale College of Pharmacy, Sawantwadi, successfully organized and completed the Tree Plantation and Distribution event under the NSS and SENSE Club of YBCP at Narendra Dongar and Sahilnagar, Sawantwadi. Trees are the most important source of oxygen production in the environment; they help to reduce carbon dioxide. As we all know, the whole world is facing the problem of global warming, and planting trees has become one of the most important aspects today.

This program was carried out under the guidance of Mr. Mayuresh Redkar and Mr. Vinod Biradar. The Rotary Club of Sawantwadi provided us with various saplings like Amla, Hirada, Behada, Rakt Chandan, Gul Vel, etc. Along with the teachers, all NSS volunteers went from the college in their own vehicles at 10:00 am. First, they arrived at Sahilnagar, where Mrs. Prachiti Kubal, Sarpanch of Charathe, guided us about the plantation. Mr. Mayuresh Redkar, along with some volunteers, planted 100 trees, and the remaining 150 trees were distributed for plantation in that society. The remaining students, along with Mr. Vinod Biradar, went to Narendra Dongar, where 250 plants were planted. We reached Narendra Dongar at 11:00 am. There, Mr. Patil, Vanpal of Sawantwadi Forest Range, guided us on where and how to plant the trees. The volunteers participated in the drive enthusiastically and helped each other in planting the saplings. In this program, 350 trees were planted, and 150 trees were distributed.

The NSS Cell and SENSE Club of Yashwantrao Bhonsale College of Pharmacy, Sawantwadi, in collaboration with the Rotary Club of Sawantwadi, took a small but significant step to spread awareness about tree plantation in society. Such activities aim to raise awareness among the youth, encouraging them to connect with their community and environment.

Details of Participants:

Total Number of Participants: 52 (Students 50 + Staff 02)

Glimpses of the Event:

Mr. Patil sir demonstrated the correct methodology of tree plantation to the students

Participated students in tree plantation drive

Students while planting the tree saplings

Students participated in tree plantation at Charathe (University Adopted Village)
