Student Registration Data

ABC/APAAR ID

The **APAAR ID** enables students to accumulate and store their academic achievements, enabling smooth transitions between institutions for further education. By simplifying the recognition and transfer of academic credits from the school level, APAAR streamlines academic progression and ensures proper acknowledgment of prior learning.

Academic Bank of Credits (ABC) serves as a virtual or digital repository that maintains records of the credits earned by students throughout their educational journey. It allows students to create their accounts, offering them multiple entry and exit options across colleges and universities, thus enhancing flexibility and accessibility in higher education.
