## About The Programme:

"Plan B Club and Training Placement Cell" of Yashwantrao Bhonsale College of Pharmacy conducted a session on "**Pharma to Business: Unlocking career opportunities with an MBA on 24th August 2024**". The Resource person, Dr. Pradeep Sadarpatil, Professor, IBS, Pune gave a wonderful session related to MBA as a career option after B. pharm. In a seminar he discussed that combining pharmaceutical knowledge with business skills opens doors to diverse opportunities. An MBA equips students with leadership, marketing, and strategic management skills, allowing them to take on roles like product managers, business developers, and consultants in the pharmaceutical industry. The healthcare sector also benefits from professionals who can manage operations, optimize processes, and drive innovation. Additionally, an MBA enables entrepreneurship in healthcare, such as launching pharmacies, consultancies, or tech-driven ventures. Overall, it enhances career prospects by bridging the gap between science and business.

The session was benefited by Final year and Third Year B. Pharm students. The program started with a welcome note by Dr. Vinod Mule, TPO Head wherein he introduced speaker and discussed objective behind organizing such events to the students.
