

11 Jan 2025

Awareness program on Water Pollution

Name of activity	:	Awareness program on Water Pollution
Date	:	11 Jan 2025
Day	:	Saturday
Organized by	:	DLLE
Club	:	SENSE Club
Venue	:	Moti Talav, Sawantwadi.
Type	:	Awareness Session
Mode	:	Offline
Number of beneficiaries	:	10
Event co-ordinator	:	Ms. Sheetal S. Samant & Mr. Jatin A. Tekawade
Event advisor	:	Dr Vijay A Jagtap
Beneficiary	:	UG
Days	:	1
Expenses	:	NA

DLLE UNIT OF SENSE CLUB OF
YASHWANTRAO BHONSALE
COLLEGE OF PHARMACY
Sawantwadi, Sindhudurg, Maharashtra

Awareness program to prevent Water
Pollution
Saturday, 11th January 2025,
Time: 3:15 PM

Venue: Moti Talav Road, Sawantwadi, Dist.
Sindhudurg, Maharashtra

Ms. Sheetal Samant
DLLE Extension
Teacher

Mr. Jatin Tekawade
DLLE Extension
Teacher

Dr. Vijay A. Jagtap
Principal
YBCP

Objectives :

- To encourage students to adopt water conservation practices in daily life to reduce water wastage.
- To promote the importance of proper waste disposal and the role it plays in preventing water pollution.
- To teach people the importance of using biodegradable products to minimize water contamination.
- To raise awareness about the impact of plastic pollution on oceans and rivers and encourage the use of reusable alternatives.
- To promote the idea of water filtration and purification at home to ensure safe and clean drinking water.

About the Activity :

Water pollution is a significant environmental challenge caused by the contamination of water bodies, including rivers, lakes, and oceans. The primary pollutants include chemicals, plastics, untreated sewage, and agricultural runoff. These pollutants are primarily generated from industrial waste, improper waste disposal, and agricultural practices. The consequences of water pollution are severe, impacting both human health and ecosystems. Contaminated water can lead to diseases such as cholera, dysentery, and other waterborne illnesses, as well as harm aquatic life. On 11th January 2025, a group of 10 students conducted an awareness program near Motti Talav Lake to raise awareness about water pollution. The students educated the local community by giving speeches, distributing informative pamphlets to highlight the harmful effects of water pollution, its causes, and ways to prevent and reduce it. Through this initiative, the students emphasized the importance of conserving water and maintaining the cleanliness of water bodies, encouraging the people around the lake to take responsibility for protecting their local water resources.
