### **Objectives :**

- Promoting awareness about the rights and needs of people with disabilities to ensure their full inclusion in society.
- Working with local authorities to improve physical and digital accessibility in public spaces, transport, and services.
- Encouraging inclusive hiring practices and equal educational opportunities for people with disabilities.

### **About the Activity :**

In Sawantwadi, we conducted a disability rights awareness campaign to educate people about the importance of inclusivity and accessibility for individuals with disabilities. Our initiative aimed to inform the community about the challenges faced by people with disabilities and how society can support them through better infrastructure, equal opportunities, and respect for their rights. Through interactive sessions, public discussions, and awareness drives, we encouraged local residents, businesses, and policymakers to take active steps toward making Sawantwadi a more accessible and inclusive place. By spreading awareness, we hope to create a society where everyone, regardless of their abilities, can live with dignity and independence. We received a positive response, with many local residents pledging to support disability rights and create a more inclusive society.

On 17th January 2025 group of 12 students visited at Sawantwadi and participated in the Awareness program about disability rights.Organized by the DLLE Unit of the college. The main focus of the program was explaining about the rights and needs of people with disabilities to ensure their full inclusion in society.

### **Details of Participants :**

No. Of Participants : 11

## Glimpses of the event:

**Report prepared and approved by :**
