## Objectives of the event:

- To educate students on road safety rules and encourage responsible driving behavior.
- To create awareness about the importance of helmets and seat belts.
- To highlight the dangers of rash and careless driving.
- To familiarize students with traffic regulations and penalties for violations.
- To promote a culture of road safety and accident prevention among youth.

## About the Program:

The NSS unit of Yashwantrao Bhonsale College of B. Pharmacy and D. Pharmacy, in collaboration with Yashwantrao Bhonsale Institute of Technology (YBIT), successfully organized a Road Safety Awareness Program on 17th January 2025 at YBIT, Sawantwadi. The event aimed to educate students about traffic regulations, safe driving practices, and the importance of wearing helmets and seat belts. It was attended by First-year, Second-year, and Third-year Diploma Engineering students, emphasizing the need for road safety awareness among young individuals.

The program commenced with a traditional lamp-lighting ceremony, symbolizing enlightenment and awareness. The inaugural session was graced by the presence of Mr. R. R. Bane (Principal, YBIT), Mr. G. A. Bhosale (Vice Principal, YBIT), Mr. Vijay Kale (Deputy Regional Transport Officer, Sindhudurg), Mr. Parag Matondkar, Mr. Sachin Poladi, and all Heads of Departments (HODs).

The Principal of YBIT, Mr. R. R. Bane, delivered an inspiring speech, extending his best wishes and highlighting the importance of road safety in everyday life.

The event's highlight was an informative and engaging guest lecture by Mr. Vijay Kale, Deputy Regional Transport Officer, Sindhudurg. He provided valuable insights into traffic rules, safe driving precautions, and the dangers of reckless driving. His session covered essential topics such as understanding road signs, speed limits, accident prevention measures, the importance of wearing helmets and seat belts, and legal penalties for traffic violations. The lecture was interactive, with students actively participating in discussions, asking questions, and gaining clarity on various aspects of road safety.

The program was anchored by Mr. A. G. Prabhu, ensuring a smooth flow of events. The successful execution of the program was made possible by the dedicated efforts of faculty members, including Mr. M. T. Patil, Mr. V. D. Gawade, Mr. S. A. Sawant, and Mr. S. S. Ghadigaonkar, along with other staff members who worked tirelessly to make the event impactful.

This initiative had a significant impact by increasing awareness among students about safe road practices and the consequences of negligent driving. The session reinforced the importance of following traffic regulations, avoiding distractions while driving, and adopting responsible driving habits. It also encouraged students to act as responsible citizens by promoting road safety within their communities.

We express our sincere gratitude to Mr. Vijay Kale for sharing his expertise and valuable guidance. Special thanks to Mr. R. R. Bane (Principal, YBIT) and Mr. G. A. Bhosale (Vice Principal, YBIT) for their constant support in organizing such an impactful session. The efforts of faculty coordinators, volunteers, and students were instrumental in making this event a success.

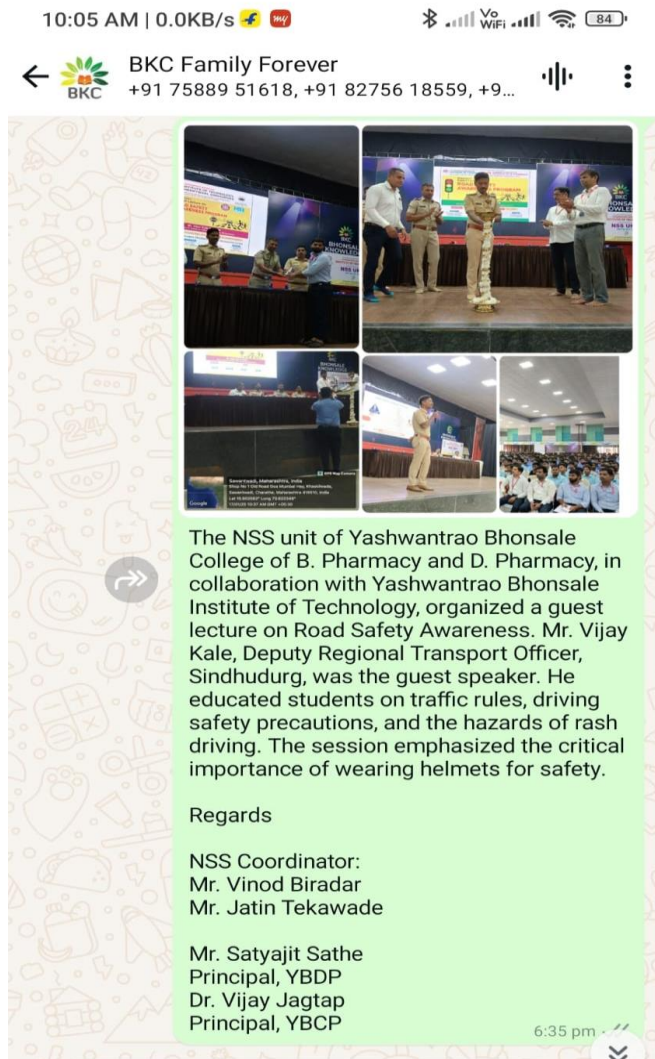

The Road Safety Awareness Program was a remarkable success, fostering a sense of responsibility and caution among students regarding road safety. By organizing such awareness programs, we aim to reduce road accidents and promote safe driving habits among youth. We look forward to conducting more such initiatives in the future to continue spreading awareness about road safety and responsible driving.
