Objectives :

- To help people comprehend the concept of global warming, its causes, and its effects on the environment and human societies.
- To promote scientific literacy and critical thinking about climate change, its impacts, and potential solution.
- To encourage individuals, communities, and organizations to reduce their carbon footprint and adopt environmentally friendly practices.
- To promote sustainable lifestyle choices, such as using renewable energy, reducing waste, and conserving natural resources.
- To build public support for climate policies, regulations, and international agreements that address global warming.
- To encourage community-based initiatives, projects, and activities that promote sustainability and mitigate climate change.
- To support efforts that enhance climate resilience and adaptation, particularly in vulnerable communities.

About the Activity :

On January 18, 2025, the DLLE Club of our college organized a Awareness on Global Warming at Sawantwadi in Maharashtra. The event aimed to promote awareness on Global Warming.

Promotional Strategies

- Utilization of social media platforms to promote the awareness program.
- Distribution of pamphlets, brochures, and posters in public areas.

The activity demonstrated the power of community-driven initiatives, no matter how small, in promoting environmental conservation. The DLLE Club of our college looks forward to organizing more such events in the future.
